

World War 2

In this topic, the children will learn about the 'Home Front', rationing, digging for victory, the 'make do and mend' war spirit, the Dad's Army, the Land girls and the many other crucial roles of women during the war!

In Literacy, we will continue to write using a variety of different genres such as diary entries written in first person; reports on different questions the children have posed themselves and other creative writing exercises. We have already written at length this term and the children have added edits and improvements to their work.

In Mathematics, we have been studying fractions and percentages, squared and cubed numbers and recapping on lessons on properties of different shapes. The Year 6 children are preparing for their SATs assessments in May and have been answering questions as quickly and carefully as they can during a timed session.

Creativity in lessons will involve designing war posters, making gas masks, identity papers and ration books. There will be plenty of opportunities for role playing using play scripts in the afternoons too!

So, pack up your troubles in your old kit bag and smile, smile, smile this exciting and busy term!
