Term 2 - Twinkle, Twinkle Little Star

Now that we have settled into school life, we will be kick-starting the term with the topic of '*Twinkle, Twinkle Little Star*'. We will be exploring all things space and the universe with our very own astronaut training and learning all about who Neil Armstrong is and why he is important. We will also be learning all about the planets, the sun, and the moon.

As Christmas gets nearer, we will be thinking about how the people from the nativity of Jesus may be feeling at this very busy time. We will also be linking our ideas and understanding to help answer the big question '*Why do Christians perform Nativity plays at Christmas?*' in RE.

In English we will be looking at our favourite rhymes, riddles and songs and seeing if we can create our very own space diary from our adventures in the universe.

In mathematics we will continue on our place value quest, looking at numbers within 20. We will also be exploring 2D and 3D shapes alongside pattern.

It's going to be out of this world!

Please come and talk to us if you want to find out any more. We will be in contact soon to keep you informed with any important information and also events that are coming soon
