

## Willows Class (Year 1 And Year 2)

A fun filled term of learning and exploring the world around us. We are photographers and we will be using a digital camera to take lot of photos of our world. Willows will be exploring a range of poetry and authors this term including Michael Rosen – We're Going on A Bear Hunt and Down Behind The Dustbin, Eileen Browne – Handa's Surprise, and Anthony Browne – The Zoo. We will also be looking at what a dictionary is and how to use it.

In Science we will be investigating a range of different materials and their properties.

To extend our ideas and understanding of our local area we will be discussing what is in Kearsney Abbey, how it can be improved and what type of people go there. Children will be bringing home a short survey chart which they need to complete and return to school to further develop these ideas in class.

Art this term is focusing on lines, colours and shades and through the artists Emma Hack and Desiree Palmen we will be exploring how we can camouflage people as part of a piece of artwork. We will be focusing on Christianity in RE and exploring the question 'What do Christians believe God is Like?'
